

The biggest impact you make on the world could be outside your office.

Rotary International is a global network of business leaders working together to put humanity in motion.

San Diego and Imperial Counties are home to more than 3300 Rotary members, many of whom have visited dozens of countries around the world to provide critical assistance. In addition we have created projects benefiting local San Diegans, including Camp Enterprise, a three-day summit for high school students teaching business ethics, entrepreneurship and community contribution.

To find out how you can help us serve San Diego, Imperial County, and beyond, call a Rotary member today at (619) 299-5341 or visit www.rotarysandiego.org, and help us build a better world at home and abroad.
